DATE: 11-7-24Case # 2023016049: Civil Action Lawsuit:

Following the events in Case # 2023016049 - 9-30-23 the state of Michigan has committed many criminal offenses in order to convict I Jamie Perry in the above case #. As I became the defendant I asserted all my constitutional rights. According to the Law I am aware of the State violating many of the United States Constitution. A violation of law in the state of Michigan is a criminal offense. As 7 - U.S.C violations became aware I took to file a Habeas Corpus with the Chief Judge in Berrien County known to me as Judge Johnson Mayfield. Violations include of U.S.C 2nd, 4th, 5th, 6th, 8th, 13th, 14th. With the filing of 21 or so motions the court in the above case # in the city of Niles, I've not gotten a written response from the court.

A Civil Rights 1983 was filed due to my Prisoner rights - being violated with the Assertion of my U.S.C rights. There was a case # provided on this 42 USC 1983, 1:24-cv-00542-1983. As describe in the 42, 1983 U.S.C this yet to be housed in a area where I can live and see the sky and utilize all the options to obtain freedom after taking noticing the violations of the U.S.C Plus Due Process in the court. Addressing my mental state I - am lacking the resources I need due to being on 24 hour lock in

down. as a Pretrial Detainee. There has been more than two People who has conspired to violate my rights, In both case-numbers mentioned. As Law states In 18 U.S.C 241 can be a criminal offense.

I am a African American citizen who's Human Rights have been violated. This Human Rights violation has to do with the BCS an conspiring with St. Louis university Hospital who has somehow been able to read, hear, see, bodily functions of body an human brain, Location of St. Louis university - Utah an Grand Blvd. Some ex: Brain Stem Functions, Temp of body, when sleep, when Hungry or starved all In which are being shouted out.

The cortex, memory, Thoughts/Thinking out loud can be heard, Consciousness, all are being shouted out as IF I'm mentally unstable.

As A U.S. Citizen I am no longer secure in my Persons which is a violation of the 4th Amend. As stated before in the 42 - U.S.C 1983 these folks are watching I/reading whats in front of me an is using a memory chip or device to hold me claiming to be many Gov officials. Being able to hear many of these folks I've started/starved is understand if I'm being Poisoned. I've understood that many folks who are not coming forward are to be ones who grew up with I an, are many People I've been Intimate with who are being defamed against. Some would after finding out an taking notice call to the eye of the eagle. These folks are studying me reading my brain an body functions without my Permission.

Relief In the 42 U.S.C 1983 I'd like for michigan to Pay an amount of 50m-100m. Also Interce the legislation. In the Civil Action, To St. Louis university to Pay Damages In the Amount of 500B - 999 Trillion Dollars. If not all Proceeds made using I as a human In a unauthorized experiment.
